# OSi
Federal Technologies, Inc.

# Capabilities Statement

## PROTECT YOUR MOST VALUABLE ASSETS WITH CUSTOMIZED SOLUTIONS FOR EVERY TASK.

## COMPANY OVERVIEW

Established in 1988, the management team within OSI Federal has over 35 years of experience supporting government customers. Our success has been based on our commitment to providing high-quality customer service and clearly communicating with customers pre and post award. With our direct relationships with manufacturers and authorized distributors, as well as our thorough understanding of the unique delivery requirements and logistics, OSI is focused on your organization's success.

OSI Federal is ISO 9001:2015 certified. We are committed to proactive action in all matters that influence performance and elevate the quality of the products and services we deliver. OSI is focused on a team approach, where outcomes are measured by achieving our clients' requirements and the quality of our relationships.

Since our inception, OSI Federal has evolved as an organization by establishing strategic relationships with key partners. As an authorized reseller, our team possesses extensive knowledge of the manufacturers we represent, enabling us to help our customers choose the best personalized solutions at the right price.
